Time with Andrew: It's been a busy year for PR's and Fire Safety. In September over 450 kids went through the Fire Safety trailer, in November it was Dominos Fire Safety Night. 8 deliveries were made and all homes visited had working smoke alarms. Over \$300 in pizzas were giving away. We have had over 10,000 views on Facebook. Sound the alarm Saturday went great with more to come. 18 car seats were checked at the Roadblock and 7 were replaced. Anyone in need of smoke alarms are to be entered into the computer. We still have over 500 smoke alarms and more if we need them. Make sure we are using the PR request form on-line to set up. Please check the web site often for up-coming events.

Up-date on grants: We have received the equipment grant we applied for. We will receive Wildland Gear that will outfit 52 members that qualify, from head to toe with gear. See an Officer if you wish to be one of them. We also have been approved for 9,000 feet of 5 inch hose along with couplings, fittings wrenches etc. Order should be placed around the first of the year.
